EXPERIENCE

Angular Developer
BENZEEN AUTO PARTS

📅 march 2022 – present

- Developed websites using **Node.js** and **Handlebars**, and built dynamic applications with **Angular**.
- Managed website performance, security, and deployment while troubleshooting issues.
- Integrated **APIs**, optimized web performance, and ensured responsive, cross-browser compatibility.
- Provide guidance to junior software development staff.

PROJECTS

Ecommerce website
HTML5, CSS3, Node.Js, MongoDB, Twilio,

📅 February 2023

- Built a full-featured e-commerce platform with user authentication, product management, and secure payment integration.
- Implemented shopping cart, wishlist, product search, and filtering features with a dynamic, responsive front-end using **React**.
- Used **Node.js** and **Express** for backend APIs, integrating **JWT** for secure user sessions and **MongoDB** for database management.

Browser Based IDE
React,js, Node.js, MongoDB Atlas, Twilio

📅 February, 2024

- Created an in-browser IDE for **HTML**, **CSS**, and **JavaScript** with real-time preview.
- Used **Node.js** for backend and **React** for a responsive interface.
- Added project saving, sharing, and live editing features to boost productivity.
